

Name: _____

Answer Key

Pop Quiz 12.1-3

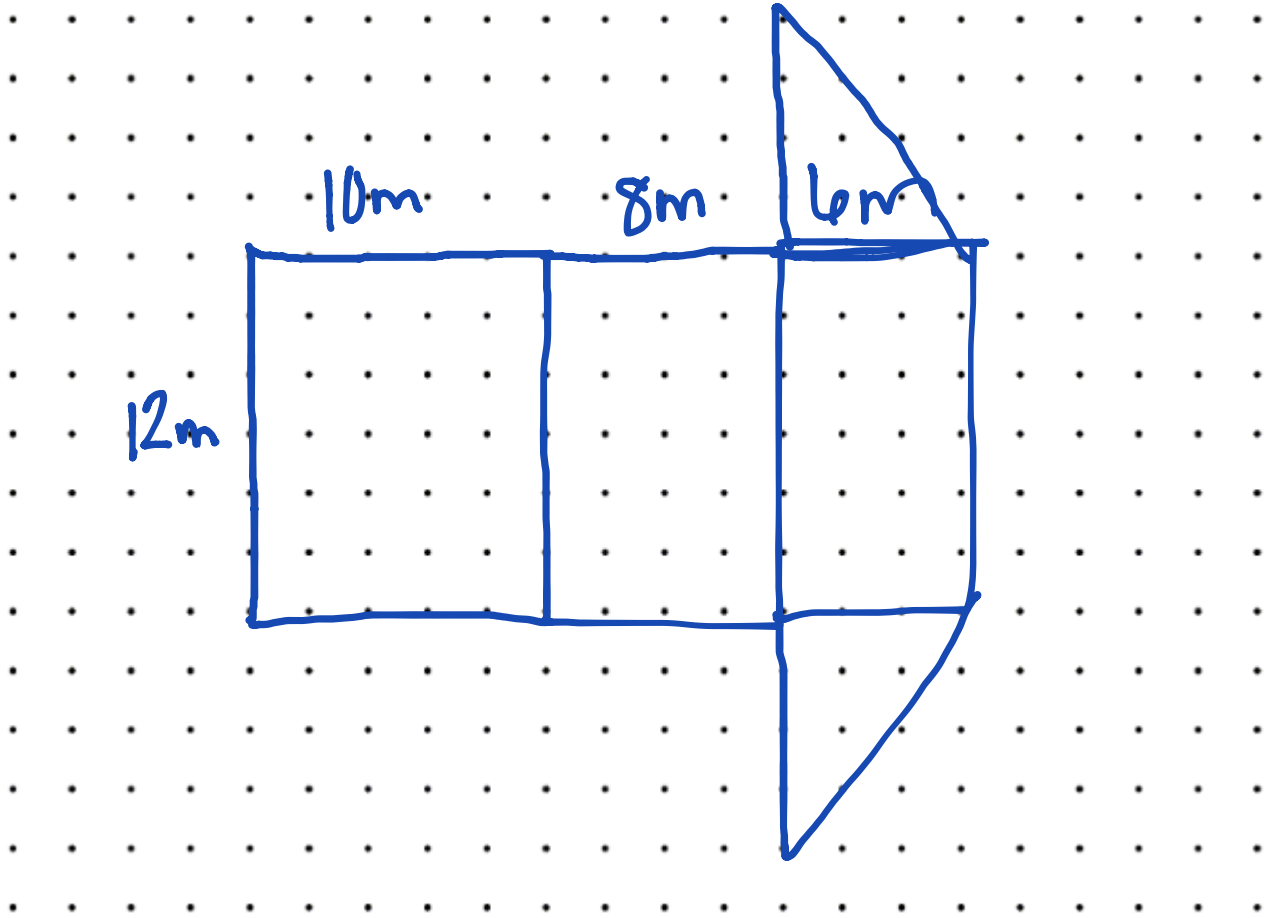

For Questions 1-4, use the solid to the right.

1. Name the solid: _____

Triangular Prism

2. Sketch a net of the solid. Consider the space between dots as 2m.

3. Determine the lateral area.

$$\begin{aligned} L &= Ph \\ &= (10+8+6) \cdot 12 \\ &= 24 \cdot 12 \end{aligned}$$

4. Determine the surface area.

$$= \boxed{288 \text{ m}^2}$$

$$\begin{aligned} SA &= L + 2B \\ &= 288 + 2 \left(\frac{1}{2} \cdot 6 \cdot 8 \right) \end{aligned}$$

$$= 288 + 48$$
$$= \boxed{336 \text{ m}^2}$$
